INVESTMENT FRAMEWORK

Five Pillars of Our Philosophy

We connect institutional rigor with the agility of an independent investment firm.

I

Diverse Portfolio

Real estate, energy, metals and more across asset classes.

II

Global Perspective

Investing across key international markets with local expertise.

III

Disciplined Approach

Rigorous analysis and risk management before every decision.

IV

Strategic Partnerships

Creating sustainable value through lasting, trusted relationships.

V

Long-Term Vision

Focused on sustainable growth and enduring value creation.

Five High-Conviction Sectors

We build diversified portfolios across asset classes with strong long-term fundamentals.

01**Real Estate**

Residential, commercial, industrial & mixed-use developments

02**Energy**

Strategic positioning across the global energy transition

03**Gold & Precious Metals**

Safe-haven assets and portfolio resilience in volatile markets

04**Petroleum**

Disciplined exposure to global commodity markets

05**International Opportunities**

Cross-border deals and emerging growth markets — where conviction meets opportunity

SECTOR 01

Real Estate Investment

Real estate is a cornerstone of our long-term investment strategy, delivering sustainable growth and lasting value.

- | High-quality assets delivering sustainable growth and stable returns
- | Exposure across residential, commercial, industrial and mixed-use
- | Disciplined capital allocation into projects with strong fundamentals
- | Long-term resilience with consistent value for all stakeholders
